

All Because Of You

B E
If I'm not home for the holiday
B E
Or if I get no gifts at all
B E
If not a single greeting card shows up
B E
Or if the snow refused to fall

G#m F# E (hold)
I would still celebrate Christmas like I always do
B E B E
And it's all because of You

And if there was no mistletoe
Or any holly for my hall
If there were no stockings by the fire
No winter wonderland to walk

chorus

C#m F#
All because You shined Your light
C#m F#
On that silent, holy night
G#m E
When You sent Your only son
G#m E F# (hold)
To bring peace and joy to everyone

So, if there was no nativity scene
Or no star for the top of my tree
And if I didn't have any one
To share this special time with me

chorus

And it's all because of You
And it's all because of You
And it's all because of You (I would still celebrate Christmas)
And it's all because of You (I would still celebrate Christmas)
