Christmas Time All Year Long

intro : DD A (5x)

A D
It's that time of the year again
A D
When everyone is filled with joy
A D
As the people of the world all celebrate
E D A
The birth of a little boy

Neighbors seem to smile easier
And strangers even say, "Hello"
Children of all ages are excited
About a child born long ago

D E
And everywhere you go this season
A D
You feel like you belong
A D
That's why I wish it were Christmas time
E D A DD A (5x)
All year long

You get together more with family and friends
To share love, hopes, dreams and fun
And we hold each other a little bit tighter
All because of a carpenter's son

And every year, about this time
You always hear people sing
About peace on earth, good will to men
And a baby who would be king

chorus

A D A D
That's why I wish it were Christmas time (That's why I wish it were Christmas time)
A D A D
That's why I wish it were Christmas time (That's why I wish it were Christmas time)
A D A D
