

# I Run To You

B F#  
When my enemies all together arise  
G#m E  
When all their arrows blot out the skies  
B F#  
When the day turns straight into night  
G#m E  
There in the darkness, I still see a light

B  
'Cause I run to You, Lord  
F#  
And I find shelter in You  
G#m  
I run to You, Lord  
E  
And I rest in Your strength to see me through  
B  
I run to You, Lord  
F#  
And You give me the courage to stand  
G#m  
I run to You, Lord  
E  
And I am safe in Your hands

When my enemies set all their traps  
When they hide in the shadows waiting to attack  
When I'm pressed upon from everywhere  
That's the time when I know You are there
